Dear Moon Mother,

You are receiving this email because you have registered for the upcoming Moon Mother Level 2 Online Training.

This is the first time we are doing this online workshop in german and we are all very excited for you to be there and join in the fun and mystery of the next step on your Moon Mother path.

I am sharing below everything you will need to prepare and organise beforehand and a link for the data transfer form (please note that without this form you will not be able to participate in this workshop).

If you have a question or a problem, I will be happy to help you.

Your zoom link will be sent to you the week before the workshop (if you haven't received the email by Friday 18 March, please message me on [+49 163 163 5000](tel:+491631635000)).

We send you soft blessings.

General Reminders and Requirements

You must be a certified Level 1 Moon Mother® who has completed your integration month.

Please send a photo of your certificate for legitimation to wombblessing.germany@gmail.com

You must complete the whole workshop to qualify - note that the workshop may over run the times advertised

Please make sure you are in a quiet place and that there are no children, pets or people walking through or using the room during the workshop. This prevents distractions and keeps the energies building up around you during the energy work calm and focused.

Students should not do anything to disturb other students who will see her in Gallery View during the teaching and exercises:

- Do not move the camera around
- Please do not wave at the other participants during the lesson.
- Do not leave the computer during the lesson
- Leave your video on (no virtual video backgrounds please)
- Leave your sound on mute
- Please come back to the screen in time from your breaks

Please remember that wherever you are physically, you are in a sacred space of the Divine Feminine

I would also like to gently remind you that you are in a clearing and integration process before, during and after the workshop and that you are clearing your personal patterns that have nothing to do with the other participants, the teacher or the organising team.

Please take special note:

As this is a practical workshop, participants are expected to give the teacher their full attention and take notes.

Participants are not allowed to take phone calls or use social media during the class.

To qualify, you must participate in all activities on both days of the workshop - and we must be able to see on the video image that you are participating.

Recording:

Participants are not allowed to record the workshop in any way. If you have given permission, we will take a group photo at the end of the day

What Students will need

- Have a chair and space in front of the camera to practice the Womb Blessing. (The chair can be the chair you used at your initiation).
- Make sure that the floor is clear around the chair so that you can walk all the way around the chair and that you can stretch your arms out to either side.

- After your initiation you may wish to lie down and meditate or rest until the end of the ceremony. So you can make a little 'nest' of cushions and blankets to make yourself comfortable. BUT you must be near the computer so that you can hear the instructions.
